

Titan - entrance mat

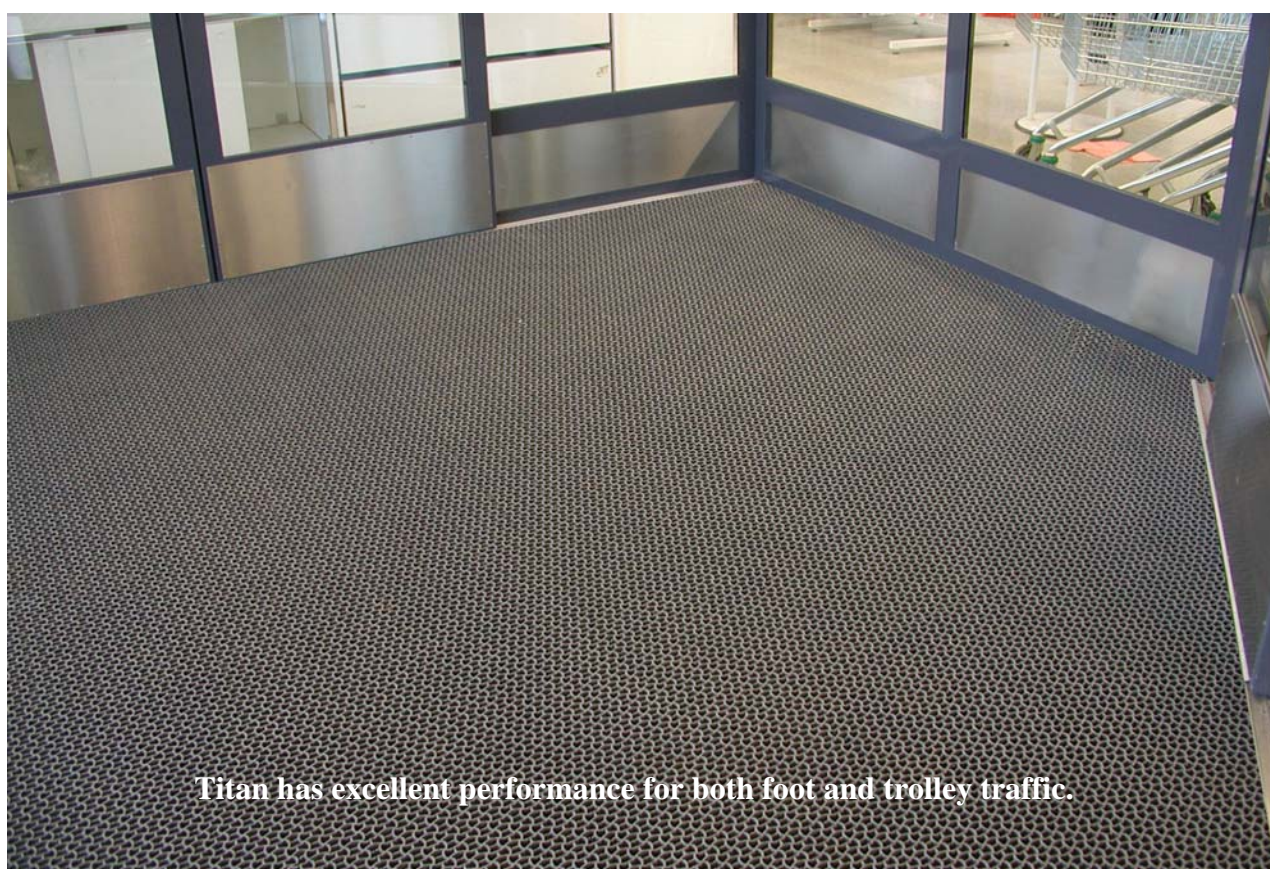

Titan is interlocking modular entrance mat for demanding applications: public buildings, block of flats, office buildings, schools, kindergartens, shops, boutiques, banks etc.

Titan is extremely strong matting for a long life span in demanding indoor and outdoor conditions. A functional Titan entrance mat stops dirt, sand and debris in the entrance area.

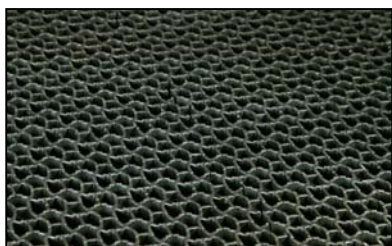

Titan is durable modular mat, which can be assembled in a variety of designs and shapes.

Titan has open construction and non-slip and safe surface. Lightweight Titan is easy to handle and roll up for maintenance and cleaning.

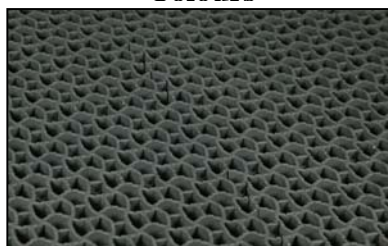

Titan has excellent performance for both foot and trolley traffic.

Titan - entrance mat

Titan - entrance mat

Titan is strong matting for demanding conditions.

Interlocking modular tiles

Titan tiles are very easy to cut to size and shape. Tiles can be installed in minutes, without the use of special tools. Interlocking modular tiles allow you to create an entrance mat of any length and width.

Easy maintenance

Titan entrance mat is inexpensive to clean by vacuum cleaning or hosing down. Lightweight Titan matting is easy to roll up for maintenance. Dirt that falls through the mat can be simply vacuum cleaned from the floor underneath.

Good drainage and non-slip surface

Titan has slip resistant surface pattern and it offers maximum drainage. Open grid construction allows water to pass through the mat, providing safe and dry surface.

Accessories:

Titan plastic edging 16 mm x 300 cm
Aluminium edging 16/20 mm x 300 cm
Titan anchors 16 mm and 20 mm

SPECIFICATIONS:	TITAN TILES
Material:	UV-resistant PVC/NBR. 100 % recyclable.
Tile size:	400 x 100 mm
Height:	16 mm ja 20 mm
Weight:	6,2 kg/m ² ja 7,8 kg/m ²
Colours:	Black, grey and terracotta
Temperature resistance:	-35°C - +70°C

Titan - entrance mat

Accessories:

Plastic edging 16 mm

Titan plastic edging is specially designed for surface mounted applications on finished floor surfaces and for indoor and outdoor conditions.

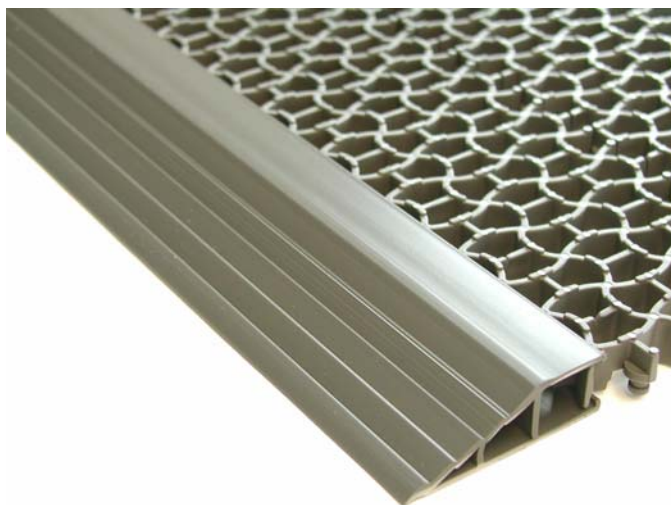

Material: UV-resistant PP/rubber

Length: 300 cm

Height: 16 mm

Weight: 290 g / m

Colour: grey

Aluminium edging 16/20 mm

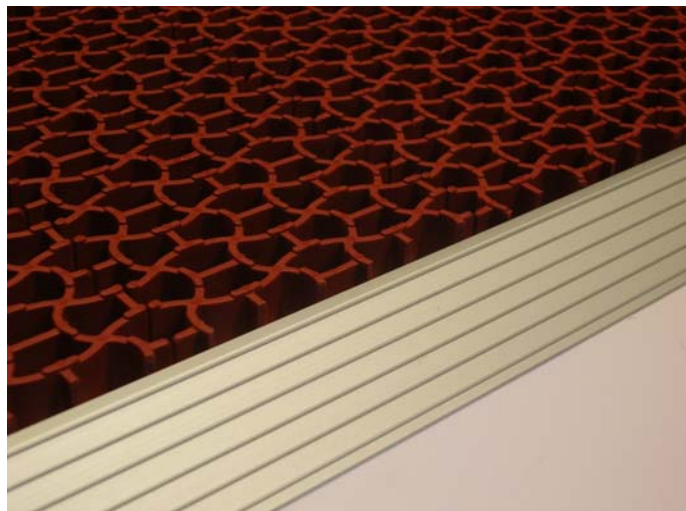

The bevelled surface of the edging minimizes the possibility of tripping and allows use of wheeled carts. It withstands heavy loads and is suitable for heavy wheeled traffic.

Material: anodised aluminium.

Height: 18 mm

Length: 300 cm

Weight: 460 g/m

Titan anchors

Titan installation anchors are used to secure sections of mats to floor. If there is a risk that entrance mats might move due to heavy foot or trolley traffic, installation anchors prevent mats from moving and sliding around.

Material: nylon

Height: 16 and 20 mm

Colours: black and grey

Ø 15 mm
